

## Fall Cards #2

### Supplies needed:

- \*blank cards (Michael's, Target, online)
- \*watercolor set
- \*paintbrushes
- \*cup of water and towel

### How to:

1. PRACTICE! I like to practice on a watercolor sketch pad or piece of paper before I commit. Practice the shapes you might need and the images beforehand.
  - a. Basic watercoloring:
    - i. Get paintbrush wet
    - ii. Dip into desired color
    - iii. Paint!
    - iv. Dip paintbrush into water until color dissolves
    - v. Dry, make sure previous color is off on towel
    - vi. repeat!
2. Allow cards to dry fully, if they curl up a little or ripple, you can place them under some heavy books to flatten back out.
3. Address and mail the cards to family and friends for a nice fall surprise :)
