

Summertime Friendship Bracelets

Supplies:

- _____ *Colorful embroidery thread
- *tape
- *scissors
- *optional: cards to mail to friends

1. Cut the length needed of thread for a bracelet or anklet in each color.
2. Tie string together in a knot, tape down knotted end to table or something stable.
3. There are many types of bracelets. I opted for a simple braid so I could make more, but here are a few different ideas.

4. Pass them out to pals, or mail them for a sweet summer day brightener!
