That's right, Spencey has the crafting bug this October, and he made this adorable little ghost garland!

Here's what you need:

- Twine/string
- googly eyes
- hot glue

Step by Step (ft. the Cult Liter himself!)

1. Wrap the yarn around book/dvd case 50-75 times.

2. Carefully remove from book, like so!

3. Fully cut one Side of the loop.

4. Separate strings into two groupings, This will make two ghosts.

5. Lay out one grouping about $\frac{1}{2}$ of the yarn and tie them in the middle with A separate piece of yarn.

6. Pick up & shape into ghosts! Tie white/blk yarn around 'neck'.

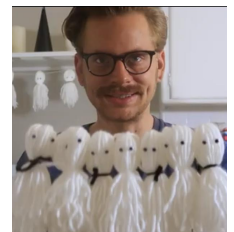

7. OMG CUTE

8. Hot glue Some googly eyes On each ghost!

9. String them along twine. Can tie knots around each to secure.

10. YAY!
